Settlement Ratified

The ratification process is completed and the offer of settlement has been overwhelmingly ratified by the membership. Over 97% voted yes to ratify the offer from the Company. This means that the new Collective Agreement will be in force as soon as it is signed off by both the RMTU and Toll.

There will be an increase of 2% on the 1st of July 2021 and the Collective Agreement will be in force until 30 June 2022.

I would like to thank the delegates Malcolm Ross and Pepe Anguna for their work and support through what has been a difficult and unprecedented bargaining period.
