

Toll Conference

The ACTU/NZCTU/ITF combined Toll unions conference endorses the following action plan and calls on unions to work collectively in implementing this program.

- Create a trans Tasman Toll Unions Council to co-ordinate and develop union campaigns throughout the Toll network and to build organising strength on the ground in joint union organising activities.
- Develop core conditions to apply to all Toll agreements
- Establish communication networks with Toll between members/delegates including email, website, chatrooms etc and a common Toll communication
- Educate members and delegates about organising in Toll
- Continue FUMP and extend it to NZ including mapping hot and cold sites
- Identify a organising campaign target in Toll for the unions to jointly work on
- All Toll unions to press for access for the induction of new employee's
- Develop a common OSH agenda including health and safety reps working to the Toll unions' agenda
